Subject: AICTE - IBM SkillsBuild 6-Week Internship in Emerging Technologies – Applications Open for Virtual Internship –reg.

---

Dear Sir/Madam,

We are happy to announce that **IBM SkillsBuild Virtual Internships are available on AICTE Internship Portal.**

[https://internship.aicte-india.org/internship-details.php?uid=INTERNSHIP\\_168198413964410a8b547b1](https://internship.aicte-india.org/internship-details.php?uid=INTERNSHIP_168198413964410a8b547b1)

The virtual internships are provided by IBM through AICTE internship Portal. **The internship and certification are free of cost.**

The IBM SkillsBuild **project-based internship on IR 4.0 technologies are for 6-weeks** (including self-paced and mentor-led Session) wherein students will work to solve real-world challenges and create solutions that will give them hands-on experience critical for future employability.

The IBM SkillsBuild Internship will be brought to you by Edunet Foundation. **Edunet Foundation (EF) is the implementing partner that will be coordinating and managing all the internships on behalf of IBM.** The EF team will provide the nodal officer with regular interaction and feedback with students to ensure the highest quality of experience.

Therefore, it is requested you to encourage your students to participate in this internship for an opportunity to develop new age technological skills.

Technology Tracks

Students can pursue their internship in the following technology tracks: **Artificial Intelligence, Cyber Security, Data Analytics and Front End Development.**

Eligibility

- Pursuing Technical Education BE/B.Tech II, III, IV Year / BCA II, III year / MCA I, II year
- Disciplines: Computer Science, Civil, Mechanical, Electrical and Electronics

Requirements

- Access to Computer / Laptop with decent Internet Connection
- Windows Operating System

- Text Editor (Sublime Text or Notepad++)

Internship details

1. Apply for the internships through the AICTE portal at: <https://internship.aicte-india.org/>. Search for internships from 'IBM' or 'Edunet Foundation' in the search tab. You will be directed to the internships from IBM SkillsBuild in various domains. You may apply for the internship course of your choice.
2. Internship process:
  - The internship will be delivered virtually to all students, over a 6-weeks duration from the start date.

- Interns will work independently on their self-paced courses and project. They will participate in Mentor led training sessions and project guidance sessions.
- All sessions are delivered virtually, learning materials are delivered via the IBM SkillsBuild Platform where student can attain additional certifications.
- The internship concludes with a submission of project presentation and completion of courses on IBM SkillsBuild.
- Top projects are awarded for their ingenuity, along with the internship completion certificate and remaining students are provided Internship certificates
