JIIT, a leading Engineering Institute was established in the year 2001 with the vision of becoming a center of excellence in the field of IT & related emerging areas of education, training and research comparable to the best in the world for producing professionals who shall be leaders in innovation, entrepreneurship, creativity and management. The Institute offers Doctoral, Post-graduate as well as Undergraduate programs in the disciplines of Computer Science Engineering, Information Technology, Electronics & Communication Engineering, Biotechnology and Management. The Institute aims to develop technocrats with skill and capability to design and implement computer based systems, tool and equipments.

DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

The Department of Humanities and Social Sciences is a source of change-facilitators that serve to complement the existing and emerging educational programmes of our institute by imparting professional and behavioral competencies and, thereby, transforming our students to become the New-age, Innovating, Competitive and Enterprising leaders in their chosen professions of service and technology. This department serves as a 'Center of Excellence' dedicated to the dissemination of professional and behavioral knowledge pertaining to communication skills, interpersonal and managerial skills. The department recognizes industry partnering in shaping humanities, social sciences and management education as a focus area.

ABOUT THE PROGRAMME

"Tell me, and I forget
Teach me, and I may remember
Involve me and I learn" - Benjamin Franklin

The word Curriculum is broadly defined as the totality of student learning that occur in an educational process. These days, curriculum development is oriented towards the learner with a different approach that aims not only at teaching material, but also several interconnected areas of curricular decision-making, namely the goals, subjects and organisation of learning. Keeping in tune with the current need and interest of the new-age students, certain changes have been incorporated in the curriculum of under-graduate programme in Jaypee Institute of Information Technology, Noida. This FDP focuses on familiarising the participants with the philosophy and methods of curriculum development and evaluation in Humanities and Social Science courses. It

will encourage the participants to develop curriculum for the subjects that they teach and to design methods of student evaluation.

OBJECTIVES

The broad objectives of Faculty Development for Curriculum Development and Evaluation for Humanities and Social Science Courses are:

1. To enable the participants to design and develop Course Curriculum.
2. To facilitate the participants to review and update the courses with recent trends and requirements.
3. To help the participants to develop new teaching pedagogy aligning with the students' learning approaches, learning outcomes and learning objectives
4. To enable them to design effective evaluation patterns for assessing students.
