

About JIIT

JiIT, a leading Engineering Institute was established in the year 2001 with the vision of becoming a center of excellence in the field of IT & related emerging areas of education, training and research comparable to the best in the world for producing professionals who shall be leaders in innovation, entrepreneurship, creativity and management. The Institute offers Undergraduate, Post-graduate and Doctoral programs in the disciplines of Computer Science Engineering, Information Technology, Electronics & Communication Engineering, Biotechnology and Management. The Institute aims to develop technocrats with skill and capability to design and implement computer based systems, tool and equipments.

WORKSHOP ON PLAGIARISM & REFERENCE MANAGEMENT USING MENDELEY

on
16th October, 2015

Organized by

Department of Humanities and Social Sciences
Jaypee Institute of Information Technology,
Noida

Department of Humanities and Social Sciences

The Department of Humanities and Social Sciences is a source of change-facilitators that serve to complement the existing and emerging educational programmes of the institute by imparting professional and behavioral competencies and, thereby, transforming students to become the New-age, Innovating, Competitive and Enterprising leaders in their chosen professions of service and technology. This department serves as a 'Center of Excellence' dedicated to the dissemination of professional and behavioral knowledge pertaining to communication skills, interpersonal and managerial skills. The department recognizes industry partnering in shaping humanities, social sciences and management education as a focus area

Convener

Prof. Alka Sharma,
Dean, HSS
Email: alka.sarma@jiit.ac.in

Program Coordinators

Resource Persons

Dr. Ramesh C. Gaur,
University Librarian,
Jawaharlal Nehru University (JNU),
New Delhi

Mr. Sanjeev K. Sunny,
Assistant Librarian,
Jawaharlal Nehru University (JNU),
New Delhi

It's time to change the way we do research”

About the Workshop

Plagiarism is one of the most serious and frequently occurring scholastic dishonesty in academia. In today's world where research-based intellectual activities see a stiff upward move, the chances of plagiarism becomes extremely high. Violation does not essentially happen on one's volition always but it occurs commonly due to ignorance. Researchers, cutting across wide range of intellectual practices need appropriate knowledge on when does plagiarism occur and how to avoid it. The most prevalent form of plagiarism occurs when a writer neglects to credit the author textual sources in a research paper. Therefore it is crucial for us to understand the importance of referencing and how to manage references in research. Hence this workshop is designed to help you develop strategies for knowing how to avoid accidental and intentional plagiarism and to give understanding and working knowledge of reference management tool Mendeley.

Mendeley, part of the Reed Elsevier group is free reference management tool that can help you organize your research, collaborate with others online, and discover the latest research. This tool helps the students and academicians to accelerate the pace of scientific discovery and gives access to research from Elsevier's ScienceDirect and Scopus which contain tens of millions of articles, abstracts and citations.

Some of its features are:

- Synchronization across multiple platforms
- Import article directly from platforms like ScienceDirect
- Increase reference data and PDF management with Scopus integration
- Store in your library, sort and carry with you wherever you go, online and offline.
- Highlight, annotate and share with others
- Import references in new papers (Word) and change citation style with one click

Workshop Objectives

1. To ensure the participants are aware of academic plagiarism.
2. To provide the basic knowledge of different styles of referencing
3. To provide hands-on-training in reference management using Mendeley.

The training will cover:

- Getting Mendeley working on your computer
- Adding and managing research papers in your Mendeley Library
- Importing references and adding associated paper to your library
- Highlighting and taking notes, using searchable notes
- Citing and creating bibliographies while you write

Target Participants

- Faculty and Research Scholars
- Library Professionals

Registration Fee

Research Scholar: Rs 500/-
Faculty & Professionals: Rs 800/-

Mode of Payment

- Demand Draft should be drawn in favour of “Jaypee Institute of Information Technology” payable at Noida
- Cash

Please Note:

- Certificate will be provided on successful completion of the workshop.
- Workshop is non-residential. Participants must make their own arrangement for travel and stay.
- NO TA/DA shall be paid to the participants.

Last Date for Registration

12th October, 2015

Address for Communication

Mr. Manas Ranjan Behera,
Department of Humanities & Social Sciences,
Jaypee Institute of Information Technology,
A-10, Sector -62,
Noida. Pin Code-201307, U. P.
Ph. No: 0120-2594-382, Email: mr.behera@jiit.ac.in
