21	Program Theme	Independence Day

22	Description	<p>NSS, JIIT NOIDA SEC-62 organised an event on the auspicious occasion of Independence Day. We named the event VIRTUAL PARLIAMENTARY DEBATE. We organised a bunch of events to celebrate the 73rd year of India's independence and to show our love and patriotism towards our motherland. We saw an active participation of 50 folks. We consider the event a big success. This was only made possible by the organising team of NSS under the guidance of Dr. Swati Sharma.</p> <p>During the special time we are facing due to COVID 19 the event was organised following the norms of social distancing by organising the event from our home.</p> <p>WINNERS</p> <p>who have risen despite all the challenges.</p> <p>Dr. Anshumali Sharma briefed about the importance of social work and the recognition we receive after doing so not just in India but in abroad as well. Students genuinely look towards service through a different perspective now. Helping hand must be provided to a person and must try to do everything in our hand as taught by Dr. Anshumali Sharma. He talked about how women and girl child are progressing and being a vital part of the society. How one must have love and affection for everyone and even reminded the motto of NSS "Not Me But You".</p> <ul style="list-style-type: none"> •

22	Description	FIT INDIA Movement was launched on 29th August, 2019 by Hon'ble Prime Minister with a view to make fitness an integral part of our daily lives. The mission of the Movement is to bring about behavioural changes and move towards a more physically active lifestyle. Towards achieving this mission, Fit India proposes to undertake various initiatives and conduct events to achieve the following objectives:

		<p>To promote fitness as easy, fun and free</p> <p>To spread awareness on fitness and various physical activities that promote fitness through focused campaigns</p> <p>To encourage indigenous sports</p> <p>To make fitness reach every school, college/university, panchayat/village, etc.</p> <p>To create a platform for citizens of India to share information, drive awareness and encourage sharing of personal fitness stories</p> <p>Service on Fit India in which NSS volunteers were advised to upload videos of self doing or taking sessions on Yoga/ meditation / any other art of fitness.</p>

22	Description	<p>Waste Management: It was to make our society cleaner and setting up bins for waste segregation. For this students made up a poster and put up two bins in society compound for dry and wet waste. They cleaned the neighborhood and put the waste in the respective bins. The day ended with Mr. Mayank talking about waste management and how HCL the foundation he is associated with is trying to make a difference in Noida. One of the things that was liked during the session was that he mentioned that instead of going out and cleaning the waste around you first you should clean your own house and surrounding. The change should come within oneself then only you can bring a change in the world.</p>

I arranged two waste buckets, one for degradable items and another for plastic or non degradable items for ease of our society cleaners to decompose them and insisted neighbours to do so and some were already doing this.

22	Description	A NDRF drill.Mr.Aaditya Pratap Singh, Dy Commandant NDRF was so nice enough take out the time and educate us about how one can be a story teller instead being a victim of calamity.Sir showed how the northern and central India is living in a earthquake prone zone and how frequent the earthquakes come now day's,this makes total sense. Sir showed a power point and educated us about all the disasters like cyclone, earthquakes,or when a building collapses. He told us how NDRF plays a major role in saving lives during these critical situations.He mentioned NDRF capabilities in USAR,CBR and AQUATIC. Sir also mentioned that everyone should go through a NDRF drill and should have

a DM kit with them in their house or at office place. At the end the NDRF showed us in a very brief way how to save someone who's injured, how to give First Aid, and also one of the most important things how to give a CPR. It was such a great and informative session.

22	Description	<p>Movie session: In this all volunteers joined on the meet to watch a movie (Rang de basanti) together. Rang De Basanti is a 2006 Indian Hindi-language drama film written, produced and directed by Rakeysh Omprakash Mehra, and co-written by Rensil D'Silva. The film follows a British film student traveling to India to document the story of five freedom fighters of the Indian revolutionary movement. She befriends and casts five young men in the film, which inspires them to fight against the corruption of their own government. It features an ensemble cast consisting of Aamir Khan, Siddharth, Atul Kulkarni, Soha Ali Khan, Sharman Joshi, Kunal Kapoor and British actress Alice Patten. The film was shot primarily in New Delhi. The film was released globally on 26 January 2006, the Republic Day of India.</p>

The informative conference was attended by a few students of Jaypee Institute of Information Technology. Youth for development Foundation is a national building organisation with a national footprint working in the area of empowering youth, women, and under- privilege section of the society. The empowerment conclave took place at Constitution Club of India, New Delhi. Top bureaucrats, Olympians, Para-Olympians and politicians addressed us. We learned a lot from their experiences due to this meet and greet session. The panel discussion during the conclave covered focus areas like health, nutrition, education, national</p>

integration, social upliftment and economical sustainability. This involved eminent panellists with great experience in their respective fields. Various SDG of United Nations were also discussed and addressed.

22	Description	NSS, JIIT Noida Sec – 62 organised a hands-on training on Adobe Illustrator under Literacy drive. We named the event Illustrafic 1.0. We organized the workshop for 2 days to teach students how to use ADOBE Illustrators and made sure that young minds should get trained for exceptional skill. A quiz was also conducted which marked the end of the workshop. This workshop made sure that all the participants applied their creativity to the fullest. We saw an active participation of 80 folks. We consider the event a big success. This was only made possible by the organising team of NSS under the guidance of Dr. Swati Sharma. During the special time we are facing due to COVID 19 the

event was organised following the norms of social distancing by organising the event from our home

This was only made possible by the organizing team of NSS under the guidance of Dr. Swati Sharma. NSS, IIIT NOIDA SEC-62 organized an event which have changed perspective of many people, people are now open to be vegan and have given a thought of converting vegan for a week or a month. It was a healthy event and people have gained a lot of knowledge about vegan food, vegan things and perks of being vegan, also they have learnt a lot of things about VEGAN WORLD.</p>

Global Vegan Food Market

DEFINATION

"Veganism is a philosophy and way of living which seeks to exclude—as far as is possible and practicable—all forms of exploitation of, and cruelty to, animals for food, clothing or any other purpose; and by extension, promotes the development and use of animal-free alternatives for the benefit of animals, humans and the environment. In dietary terms it denotes the practice of dispensing with all products derived wholly or partly from animals.

- The Vegan Trademark was introduced in 1990 to help businesses showcase their products meeting the authentic international vegan standard set by The Vegan Society. Today, over 60,000 products from more than 2,500 companies are registered globally, including 25,000 cosmetics and toiletries, and 18,000 food and drink items.
- If the world went vegan, it could save 8 million human lives by 2050, reduce greenhouse gas emissions from agriculture by two-thirds and lead to healthcare-related savings and avoided climate damages of \$1.5 trillion.

Distribution of land use for foods

- Most charts which compare the land footprint of different food products look at the average value for each. This is a useful comparison, but could mask large differences in land footprints depending on where and how they are produced.
- But since there are large differences between producers, this chart also shows the full spectrum of land use – from the lowest to highest producers. The height at each point in the curve represents the amount of global production with that specific footprint.
- The land use of foods is largely dependent on the intensity of farming. This is certainly true for crops: higher yields mean they need less land. But also, for livestock: animals fed on crops with very high yields will need less land.

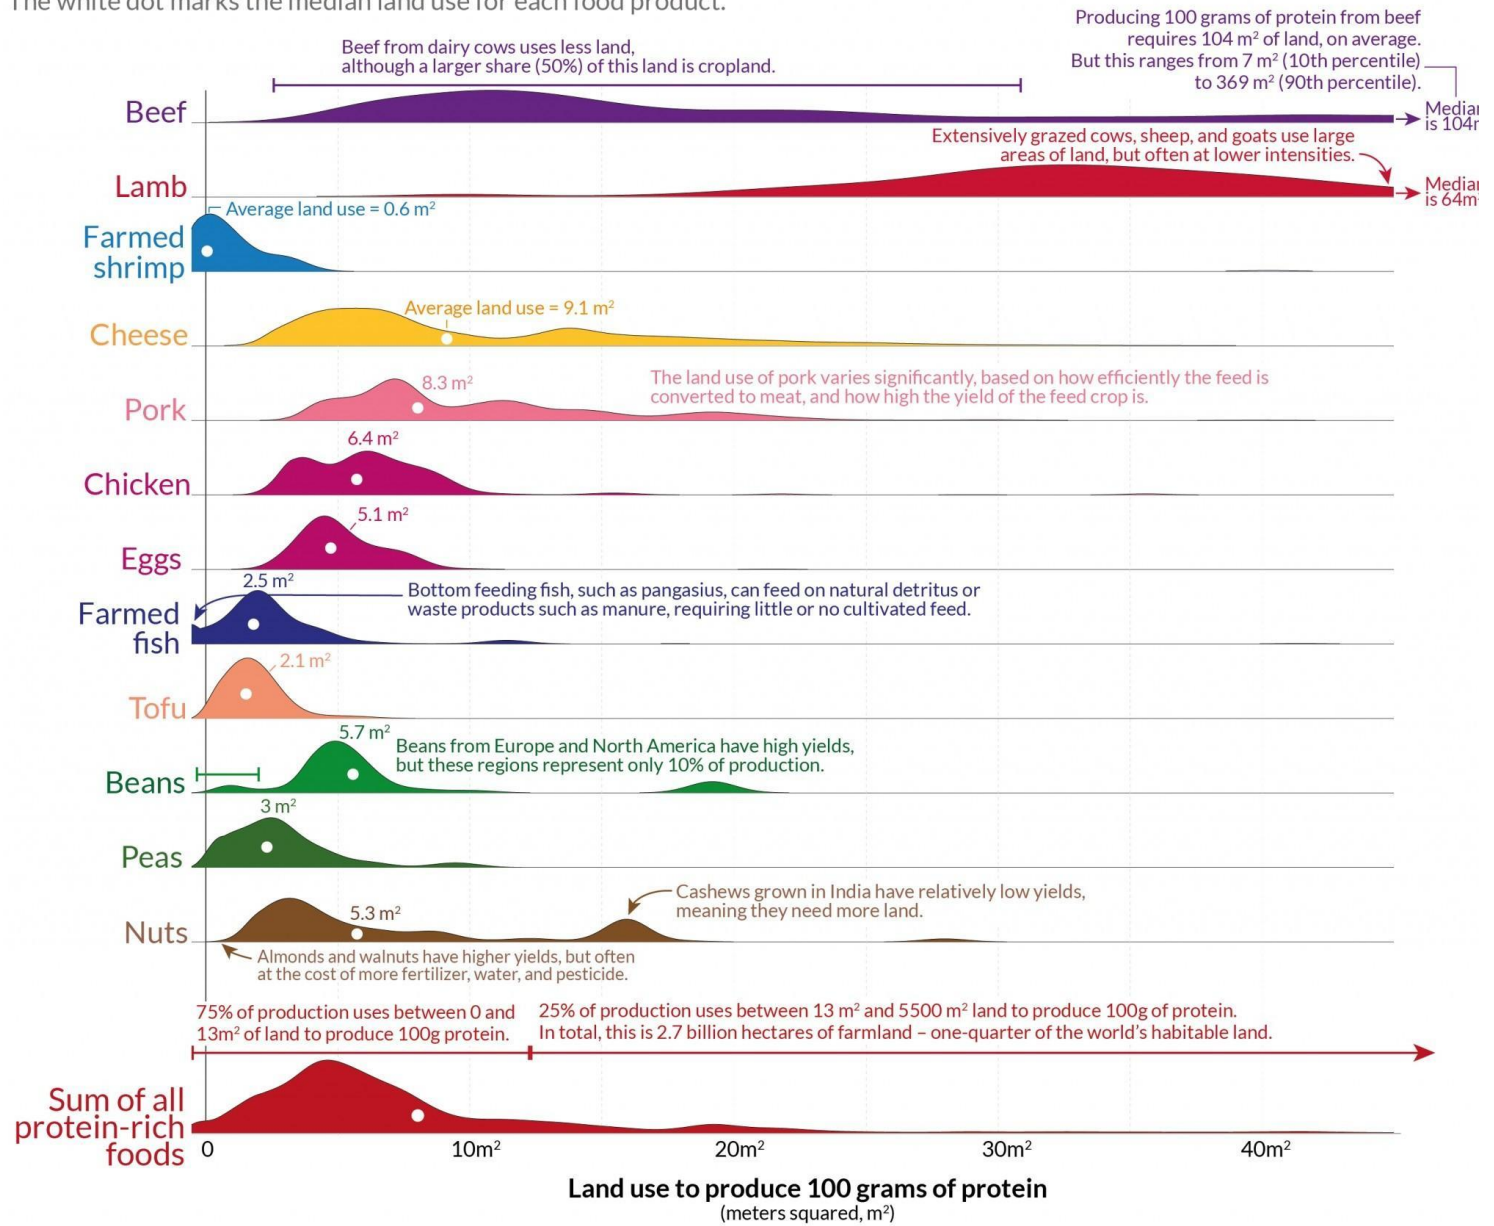

Global land use for food production

How much land do different food products use?

Land use from protein-rich foods are shown per 100 grams of protein across a global sample of 38,700 commercially viable farms in 119 countries.

The height of the curve represents the amount of production globally with that specific footprint. The white dot marks the median land use for each food product.

22	Description	<p>On 22nd of April, NSS, IOE and ICC of JIIT NOIDA, SEC-62 organized an event – THE INTRA COLLEGE DIGITAL POSTER MAKING COMPETITION - on the occasion of THE INTERNATIONAL EARTH DAY with the moto of 'TAKE ACTION FOR GREEN WORLD' to make the participants show their creativity. We saw an active participation of many students. We consider the event a big success. This was only made possible by the organizing team of NSS, IOE AND ICC under the guidance of Ashwini Mathur Sir and Dr. Swati Sharma.</p> <p>The top three winners were also awarded with the indoor room plants to support the cause of afforestation. We had also organized a registration desk in front of JBS wherein we invited our faculty, staff and students to write quotes on the theme of earth day on sticky notes for our earth day bulletin board. Furthermore, all submissions of the digital poster making competition were also displayed on the bulletin conveying a very strong message on the need to save earth and save soil.</p>
