Cyber Srishti 2016 – A Two Day Technical Festival

(May 7 – 8, 2016)

General Introduction

For nearly 10 years, Jaypee Institute of Information Technology (JIIT), Noida had been regularly organising an annual exhibition of Student Projects. In 2014, this event was scaled up into a larger 2 day long IT Symposium, Cyber Srishti 2014. In addition to the project exhibition it included several other technical events, competitions and invited talks. Similar events had been organized during the second edition of Cyber Srishti in 2015.

In this series, the third edition of Cyber Srishti had been conducted on May 7 – 8, 2016. This year (2016) the scope of Cyber Srishti was further expanded to include many new events and much larger student participation. These events included, (1) Project Exhibition, (2) Execute 16.1, (3) Automation, (4) Circuit Mania, (5) Jaypee Premier League, (6) Invited Talk, (7) Hackathon, (8) Code Simulate and Debug, (9) Code Breaker, (10) Poster Paper Presentation, (11) Creative Design, (12) Hydrophilic, (13) Start-up Weekend, and (14) Socio-technical Debate. In this edition, student participation had been majorly observed from both campuses of JIIT (Sector 62 and Sector 128). In all, more than 1700 participations had been observed in above mentioned events.

Besides the inaugural speech of the Chief Guest, Mr. Ravish Tayal, Director, ITAAS Engineering, Cognizant, participants in Cyber Srishti 2016 were enlightened through the talks and interactions of many experts / JIIT Alumni from industries and entrepreneurs, e.g. Manoj Mittal (Principal consultant at Consulting Civil/Structural Engineer), Abhinav Mathur (Chairman – Founder Catalyst and member of Indian Angel Network), Anup Kalbalia (Tech Lead at CodeChef), Nikhil Wason (Co-founder, Cardback), Nakul Batra (Senior Associate at Desai & Diwanji), Vaibhav Ajay Gupta (Co-founder and CTO at StudySolo), Vipul Khare (Co-founder, Radical Logix), Mayank Bhola (Senior Software Engineer at PressPlay TV), Praveen Singh (Lead Android Developer at Instaoffice.in), and Ankur Anand (Instaoffice Business Solutions Private Limited).

From the Desk of Vice Chancellor

It gives me pleasure to learn that institute is bringing out the report of the Cyber Srishti 2016 organised by the Department of Computer Science Engineering and Information Technology in association with Departments of Electronics and Communication Engineering, and Biotechnology.

It was indeed a pleasure to witness the enthusiasm of the students of JIIT and other institutions for participation in technical events. I am also happy to learn about the intensive participation of JIIT Students in organising this activity along with faculty. I am hopeful that such activities will generate a competitive environment in the students and widen their horizon and perspective.

I congratulate the faculty coordinators, student coordinators, event coordinators (faculty and students) for successful organisation of the event.

Prof. S. C. Saxena

From the Desk of Dean of Students

"The basis of all (progress) is that you bring all treasures of knowledge under your control."

Cyber Srishti, now an annual event, provides ample opportunity to the students to showcase their skills in a competitive environment. This year specially, witnessed an amazing response from the students as they enthusiastically took part in various competitions exploiting their talent fully to create a name for themselves.

Technical events such as Project Exhibition, Execute, Automation, Circuit Mania, Hackathon, Code Simulate Debug, Hydrophilic, *etc.* provided a platform to the participating students to imbibe spirit of camaraderie, team play, and organising abilities. These technical events encouraged the students to think out of box, stretch their imagination beyond the text book, learn to use their knowledge with presence of mind in live competitions. Events like Socio-Technical Debate, Poster Paper Presentation, Quiz, and Start-up Weekend, *etc.* were also very popular. Student enthralled the audience with their talent and impeccable presentation and organising abilities.

Bringing around 1700 participations in different events by the students of different branches together was one of the biggest highlight of this Tech Fest. It gives a sense of pride when college Alumni returns to the college, judge events and are keynote speakers. I wish the students and organisers very best and hope they will gradually scale up the level of Cyber Srishti making it the most sought event.

Project Exhibition (May 07, 2016, 10:00 AM – 01:00 PM):

It was a 3 Hr. event, organised on the first day where participants showcased 49 student projects (maximum 4 students per project). These projects spanned over various areas of Information Technology – Mobile Computing, Embedded Systems, Wearable Computing, Image Processing, Intelligent Systems, Cloud Computing, Web Applications, Data Mining, etc. List of Projects displayed during the exhibition is listed in Appendix 'B'.

Winners:

Category – Software:

Vatsalya Yadav (4th yr., CSE)

Category – Hardware:

Shubham Thakur (3rd yr., ECE), Pradeep Tomar (3rd yr., ECE), Tarini Bhardwaj (3rd yr., ECE), and Pankaj Sharma (3rd yr., DUAL-ECE)

Execute 16.1 (May 07, 2016, 10:00 AM – 01:00 PM):

It was a 3 Hr. long battle of algorithms and programming skills (Onsite competitive programming) conducted on CodeChef platform (<https://www.codechef.com/EXCT1601>). Participants in team of maximum 3 students were asked to develop optimized algorithms for given 8 problems. Total 225 teams participated in the event. Presence of Chief Guest, Shri Ravish Tayal, many IIIT faculty members and Mr. Anup Kalbalia, Tech Lead at CodeChef motivated the participants to perform well.

Winners:

1st: Sameer Gulati (1st yr., CSE)

2nd: Following nine teams had been tied for the 2nd place

(a) Yash Chauhan (2nd yr., CSE), Chandni Garg (2nd yr., CSE), and Sweta Singh (2nd yr., CSE); **(b)** Hardik Gulati (2nd yr., CSE), Priyank Jain (2nd yr., CSE), and Priyanshu Sinha (2nd yr., CSE); **(c)** Shubham Jain (3rd yr., CSE) and Ayush Bansal (3rd yr., CSE); **(d)** Sanyam Batra (2nd yr., CSE), Kamaljeet Singh (2nd yr., CSE), and Manobhav Jain (2nd yr., CSE); **(e)** Chetan Kanjani (3rd yr., CSE) and Sameer Bishnoi (3rd yr., CSE); **(f)** Chetan Deep Singh Pahuja (4th yr., IT); **(g)** Gurleen Sethi (2nd yr., CSE) and Angelic (3rd yr., CSE), **(h)** Akshay Vasandani (2nd yr., CSE), Prateek Bhargava (2nd yr., IT), and Himanshu Gera (2nd yr., IT); **(i)** Ayush Khanduri (IIIT Sector 128) and Rishabh Jain (IIIT Sector 128)
