		Expected outcome	<p>Program Outcomes (POs) The Program Outcomes (POs) for the Online MBA program are carefully tailored to align with the unique learning dynamics of an online curriculum, ensuring that students acquire comprehensive knowledge and skills to excel in their careers. These outcomes emphasize technological adaptability, critical thinking, ethical practices, and innovation, preparing graduates to thrive in a rapidly changing business environment. PO1: Management Knowledge: Develop a deep understanding of various management domains, integrating global and technological perspectives. Students will analyze, evaluate, and synthesize both existing and emerging knowledge using digital tools and platforms to enhance their expertise and professional capabilities in an online learning environment. PO2: Critical Thinking: Exhibit a critical mindset to analyze complex business scenarios, leveraging online resources and data-driven insights to devise innovative and practical strategies for contemporary business challenges. PO3: Application: Gain the ability to apply managerial knowledge effectively in virtual and global work environments. Students will learn to manage projects remotely, develop innovative strategies, and implement solutions that adapt to the dynamic challenges of digital and traditional industries. PO4: Communication Skills: Cultivate the ability to confidently and effectively communicate managerial ideas and solutions in a virtual setting through online presentations, video conferencing, and well-structured reports, ensuring clarity and engagement with diverse audiences. PO5: Independence: Demonstrate the capacity to work independently in a virtual setting, taking ownership of complex managerial tasks. Students will utilize online tools to enhance productivity and decision-making in remote or hybrid professional environments. PO6: Collaboration and Leadership: Develop collaboration and leadership skills to lead and contribute effectively in virtual teams. The program emphasizes using digital collaboration tools to manage cross-functional and cross-cultural teams, fostering a productive and inclusive online work environment. PO7: Innovation: Recognize opportunities for innovation in both digital and traditional business landscapes. Students will learn to leverage emerging technologies, such as artificial intelligence, data analytics, and IoT, to create value and promote sustainable development. PO8: Ethics and Entrepreneurship: Identify and address contemporary social and environmental challenges through ethical leadership and social entrepreneurship. The online MBA integrates sustainability-focused courses, preparing students to design responsible business solutions that align with global ESG (Environmental, Social, and Governance) standards. PO9: Life-long Learning: Cultivate habits of continuous self-improvement and learning, adapting to the evolving demands of business and technology. Students will learn to critically assess the outcomes of their actions and use online resources and feedback mechanisms for personal and professional growth, fostering an enduring commitment to learning.</p>

Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Synchronous & Asynchronous

Brief describe the provision in LMS to be used by HEI :-

JIIT is using Swayam LMS for teaching and Learning to offer the online programmes effectively. The objective of Swayam as a National initiative is to take the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. The Swayam LMS platform offers a highly customizable, user-friendly interface that faculty and students can adapt and work to the specific course requirements. The learning experience is made available through web portal and Android app, as well as a desktop version. The platform integrates video conferencing and discussion forum features ,enabling faculty led live sessions and interactive student engagement. It supports graphics, images ,audio-video tutorials , assessments, quizzes, digital learning material as per the 4 quadrants ,academic activities like case studies, discussion forums etc; in various formats enhancing the learning journey. The Swayam LMS platform supports group activities also including assignments & projects by enabling multiple learning communities. The academic progression can be monitored both by the faculties and the students .

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :-
