

JIIT NOIDA

Master of Business Administration With Specialization in Hospital and Healthcare Management

The emerging requirement of the Healthcare sector during the pandemic showed the gaps in managing patients and support services. This course is designed and developed in association with Jaypee Hospitals to prepare management graduates / healthcare professionals to manage one of the five pillars to human existence.

The two-year specialized program provides an overview of the hospital eco-system and facilitates administration and management of the healthcare system.

The objectives of the program are to:

- understand the health management challenges and discuss the frameworks for finding an effective solution.
- deliver insights into the health care institutions' governance and organization structure.
- develop in students/ professionals understanding about the functioning of various health care service providers and significance of social and preventive health.
- To develop an understanding of various managerial aspects like organizational behaviour, health communication, human resource management, finance, operation, analytics and research in the healthcare sector.
- To encourage innovation and entrepreneurship in the healthcare sector.

Eligibility: Graduation (in any discipline) from a recognized University with min 50% marks; B. Tech (Biotech), B.Sc. (Nursing) and B. Pharma & MBBS, B.D.S and graduation degrees in allied disciplines. Candidates with experience in the hospital and healthcare sector will be given due weightage.

Admission Process: Group Discussion, Personal Interview and Writing Assessment. *Relaxation in Admissions Criteria may be given to B. Tech (Biotech), B.Sc. (Nursing) and B. Pharm & MBBS and BDS graduation degrees.*
