Message from Co-ordinator

Mahatma Gandhi once famously said, "The best way to find yourself is to lose yourself in the service of others."

In a world that is increasingly moving digitally at a tremendous rate, the constant exchange of media and content makes it highly susceptible for one to lose themselves in an echo chamber and forget their uniqueness. Hence, this quote holds tremendous importance and

relevance in today's society, one which is so in need of aid and support. NSSJIIT strives to inculcate this invaluable spirit of giving and

putting others before yourself in all its student volunteers. Time and again, it has been demonstrated through its numerous drives and volunteering, and it is through the energy and enthusiasm displayed by the student members that led to us to impact society by adopting villages and conduct numerous drives to serve and make impactful change in the society.

To achieve our service goals we have adopted a four thronged approach under the following 4pillars.

1. Gyan Vigyan
2. Pratkriti aur Swasthya
3. Lok Chetna
4. Samvedna

The student coordinators along with their team serve in these 4 focussed areas. The service volunteering not only helps the underprivileged but also imbibes and inculcates empathy, love and descipline among the young engineers consequently steering the society that belives in equality, love and service.

I wish them luck .

About NSS

Albert Schweitzer once said, "The purpose of human life is to serve and to show compassion and the will to help others."

In today's rapidly evolving digital life, individuals are at a higher risk of giving up their unique identities within echo chambers. This emphasizes the importance of service and compassion in current scenario worldwide, which urgently needs empathy and support.

NSS JIIT is committed to foster a culture of selflessness and philanthropism among its student volunteers. Through a diverse list of initiatives and volunteer activities, we aim to persistently demonstrate our dedication to societal impact. Our student members, driven by enthusiasm and a sense of motive, engage in significant projects such as awareness campaigns and numerous community drives, effectuating positive change.

To achieve our service objectives, a comprehensive approach centered on four core pillars has been adopted:

1. Gyan Vigyan (Knowledge and Science)
2. Prakriti aur Swasthya (Nature and Health)
3. Lok Chetna (Public Awareness)
4. Samvedna (Empathy)

The teams work in these core areas, providing invaluable assistance to the underprivileged while cultivating empathy, love, and discipline among the young engineers. This holistic approach ultimately guides the society towards values of equality, compassion, and service.

[About NSS-JIIT](#)

Gyan Vigyan

This is a field of service wherein we deal with awareness and knowledge enhancement about science and technology. We have campaigns under which we offer services to educate under privileged students through NGO's. The volunteer organize campus visits, online sessions and face to face interactions to explain basic scientific concepts.

Prakriti aur Swasthya

Emphasizes on the responsibility of taking good care of the environment and of people around us. NSS JIIT regularly conducts events on health, sanitation, hygiene, environment conservation, plantation drives, awareness on stubble burning, segregation of waste and cleanliness drives to restore Prakriti and Swasthya.

Lok Chetna

We aim to spread constructive awareness among the members of the society. Events such as consumer right awareness campaign, Drug free India Campaign, women empowerment, road safety campaign, and awareness on other social issues, rights and responsibilities mark our efforts for creating Lok Chetna

Samvedna

Compassion gives us the ability to understand someone else's situation and the desire to take action to improve their lives. It is the quality that allows us to step outside of ourselves and see the circumstances of others.

DAY 1

OPENING CEREMONY

The Annual 7-days camp of the National Service Scheme (NSS) at JIIT was inaugurated on 10th March 2024. Program Coordinator Prof. Alka Sharma and Program Officer Dr. Nibha Sinha addressed the participants, providing an overview of the scheduled activities and emphasizing the camp's objectives. Volunteers made the posters on Fire safety, Women safety and road safety to get set for spreading awareness in the village. The day started with a yoga session promoting health and fitness and ended with cultural performances. Their speeches set the tone for the week, highlighting the importance of each activity and motivating students to engage fully in the upcoming events.

DAY 2

CLEANLINESS DRIVE

On the second day, NSS JIIT students started their duties at Arthala village with a cleanliness drive at Kailashvati Inter College. Accompanied by faculty and the student council, they cleaned the school premises and undertook a whitewashing project. Volunteers decorated the walls of the school with posters they made a day before. This initiative improved the school's appearance and promoted hygiene, instilling a sense of pride and responsibility among the village residents.

DAY 3

VOTERS AWARENESS RALLY AND POLIO DROP DRIVE

On the third day, NSS IIIT students held a voter awareness rally in Arthala village, educating residents about the importance of voting. Volunteers distributed pamphlets and engaged with villagers. Concurrently, a door-to-door polio vaccination drive was conducted with ANM workers, ensuring children received necessary vaccinations. This day highlighted the camp's dual focus on electoral awareness and public health.

DAY 4

DIGITAL LITERACY & AWARENESS SESSIONS

On the fourth day, NSSJIIT volunteers visited the government school in Arthala village to conduct awareness sessions on topics like good touch and bad touch, water pollution, plastic waste recycling, and garbage segregation. They also installed educational software in the school computer labs, enhancing the digital learning resources for the students promoting digital literacy. Volunteers also gave polio drops to the children in the village. This day focused on empowering students with essential knowledge and skills.

DAY 5

VOTER ID CARDS AND SHRAM CARDS MAKING

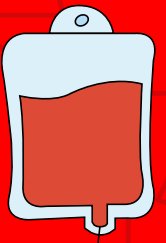

On the fifth day, NSS JIIT volunteers helped villagers register for Voter ID and Shram cards, simplifying the process and explaining the importance of voting. Simultaneously, they gave a session on breast cancer awareness to the women in the village, adding creativity and vibrancy to the environment. This day combined practical assistance with aesthetic enhancement.

DAY 6

BLOOD DONATION CAMP

On the sixth day, NSSJIIT organized a blood donation camp. Volunteers encouraged students to donate, emphasizing the importance of blood donations for treating illnesses and supporting medical research. This event promoted community health awareness and fostered a spirit of compassion and service.

DAY 7

CLOSING CEREMONY

The final day featured a closing ceremony, celebrating the volunteers' commitment to service. Speeches acknowledged their efforts, and certificates were awarded. Team members exchanged gratitude and pledged to continue fostering unity and compassion, reinforcing the camp's impact on both volunteers and the community.

NATIONAL POLLUTION CONTROL DAY & WORLD EARTH DAY

National Pollution Control Day is observed annually on December 2nd to raise awareness about the importance of controlling and reducing pollution to protect the environment and human health. The National Service Scheme organized a plantation drive at Jaypee Institute of Information Technology in Noida. The students enthusiastically participated in the drive, planting saplings together. Some students shared their positive experiences with others. The college and students can raise awareness about environmental degradation and implement effective pollution control strategies.

In today's world, plastic pollution poses a severe threat to our planet, contaminating oceans, harming wildlife, and contributing to climate change. The program aimed to raise awareness about the harmful effects of plastic on the environment and the need for sustainable alternatives.
