## ABOUT THE DEPARTMENT OF HSS

The Department of Humanities and Social Sciences was established in Jaypee Institute of Information Technology in 2001 as a centre of excellence in the field of IT education and training. The Department contributes to mainstream programs & offers core and elective courses for all B.Tech students and it is mandatory for all students to take one course in each semester. The Department also offers Ph.D. programme in Economics, Finance, English, Psychology, Sociology, and other disciplines with an emphasis on inter-disciplinary topics.

Social research is based on logic and empirical observations. It attempts to create or validate theories through data collection and data analysis, and its goal is exploration, description, explanation and prediction. Qualitative designs emphasize understanding of social phenomena through direct observation, communication with participants, or analysis of texts, and may stress contextual subjective accuracy and generality

## PROGRAM OBJECTIVES

The aim of the One Week Faculty Development Programme on Project Proposal Writing and Funding Strategies is to equip participants with the knowledge and practical skills required to design high-quality research proposals and successfully secure funding from national and international agencies.

### The Key highlights of the FDP are

- To understand the essential components and structure of a strong research project proposal;
- To familiarise participants with various funding agencies, schemes, and grant application processes;
- To provide practical exposure to drafting proposals, including problem formulation, objectives, methodology, and expected outcomes;
- To develop skills in preparing realistic budgets, timelines, resource allocation plans, and aligning proposals with funding priorities and evaluation criteria;
- To provide insights into proposal review processes, common pitfalls, ethical considerations, plagiarism issues, and compliance requirements in proposal writing.
